University student always in search of knowledge and engaged in academic life, I always seek life change through studies. In addition, I believe in the need to learn new things in order to get to know new airs and new passions to be worked on. In addition to having Front End skills, I am very interested in learning about Data Science and Cybersecurity

SKILLS

JAVASCRIPT (PROFICIENT);
PYTHON (PROFICIENT);
NODE.JS (PROFICIENT);
REACT NATIVE (PROFICIENT);
ALGORITHMS AND DATA STRUCTURE APPLIED IN PYTHON (PROFICIENT);
